## **Webinar Report: COVID AND CYCLONE: IMPACT AND WAY FORWARD**

Post Graduate and Research Department of Economics organized a one-day National level webinar on **COVID AND CYCLONE: IMPACT AND WAY FORWARD** on 31<sup>st</sup> May 2021. The main objective of this webinar was to create awareness about the impact of Covid-19 and cyclone amongst faculty members, students, officials, and other stakeholders.

**Dr. Velu Suresh Kumar**, Assistant Professor & Head from the Department of Economics, H.H. The Rajah's College (Autonomous), Pudukkottai, began the session by welcoming the Principal of the college, resource person, IQAC coordinators and other participants.

In the presidential address, **Dr. C. Thiruchelvam**, Principal of the College, emphasized the importance of the webinar.

The key speaker for the webinar was **Dr. P. Arunachlam**, Professor and Head, Department of Applied Economics, Cochin University of Science & Technology, Cochin, Kerala.

**Dr. P. Arunachlam**, shared that the country is fighting against Covid-19 with all her might. This has been the biggest pandemic in the last hundred years and during this very pandemic, India has confronted many a natural disaster with fortitude. Meanwhile, there were cyclones Amphan and Nisarg. Many states had floods; there were many minor and major earthquakes; there were landslides. Just recently, in the past ten days, the country faced two major cyclones – cyclone Taukte on the west coast and cyclone Yaas on the east coast. Both these cyclones affected a number of States. The country and her people fought them with all their strength, ensuring minimum loss of life.

The Vote of Thanks was offered by **Dr. A. Karnan**, and master of ceremony by **Dr. T. Sudhar**.

Around 100 participants from various educational institutions across the nation participated in this webinar.

The webinar on “NUMERICAL RANGE OF OPERATORS ACTING ON HILBERT SPACES” was organized jointly by the Internal Quality Assurance Cell (IQAC) and P.G. and Research Department of Mathematics, H.H. The Rajah's College (Autonomous B<sup>+</sup>), Pudukkottai, on 29<sup>th</sup> May 2021, from 11:00 AM to 12:30 PM. An Invitation to the students and academic fraternity was sent by the host team through WhatsApp Group and email.

The objectives of the webinar were:

- To enlighten students and researchers about the emerging topics of operators on Hilbert Spaces and their range.
- To gain familiarity with Hilbert spaces and to give new insights into the current research on the numerical range of operators on them.
- There is better interaction between the students and the professors as the webinar brings all the students on an equal footing.

**Dr. P. Sam Johnson**, Associate Professor, Department of Mathematical and Computational Sciences, National Institute of Technology Karnataka, Surathkal, Mangaluru, and Karnataka graced the webinar as the Resource Person.

**Dr. V. Murugan**, Associate Professor and Head, PG and Research Department of Mathematics, gave the welcome address to the resource person and the participants.

**Dr. C. Thiruchelvam**, Principal, and H.H. The Rajah's College (Autonomous) gave the Presidential Address. Dr. P. Sam Johnson spoke about the operators acting on Hilbert Spaces and their range. He also worked out some illustrations and briefly discussed with participants a new research area called Numerical Operators on Hilbert Spaces.

The webinar witnessed active participation from research scholars and faculty members across Mathematics, Physics and Computer Science.

A total of **152 participants** registered for the webinar.

ONLINE WEBINAR ON DRUG THERAPY FOR CORONA VIRUS

DISEASE (COVID-19)

The PG and Research Department of Chemistry, H.H.The Rajah's College (Autonomous), Pudukkottai Organized a Webinar on "DRUG THERAPY FOR CORONA VIRUS DISEASE (COVID-19)" by Dr.S.Srinivasan, Head, Research and Development Centre, Fleming Laboratory, Hyderabad, Telangana at 10.30 am on Saturday 29.05.2021.

The speaker dwelt at length on the different Corona virus variants and their evolution. He described how the humanity was suffered by the second wave and has learnt valuable lessons from the first. The ministry of health and sanitation had enlarged their crucial amenities like hospital, testing centers and quarantine facilities. These have been special efforts to product the front line medical teams and health workers as well as the police and public servants who have to work round the cloth to fight the second wave and to prevent a possible third.

Dr.S.Srinivasan, Spoke elaborately about the different kind of drugs used for COVID therapy. He explained the therapeutic action of the drug Remdisivir in which the intake of oxygen preventing the need for the use mechanical devices. He pointed out the first wave was met mainly oxygen dependent treatments and how the causalities rose due to lake of oxygen supplies. The second wave could rely on a greater variety of drugs like steroids and bronchial stimulators. In a way we were better equipped to face Co-morbidities and work out synergetic treatments with curies from alternative medicinal systems like Ayurveda, Siddha and Yoga therapies. He pointed out how food itself could become a care for corona by a judicious use of herbs and herbal products like Neem leaves, Turmeric, Peppers, Cummins, Clover and Garlic.

He concluded his lecture pointing out that societal will and individual effort should coalesce in the fight against the Pandemic, Sanitation, Cleanliness and proper disposal/destruction of waste water was as important as curative efforts and prospecting for drugs. He also mentioned the popularization and administration of vaccines to cover all sections of the populations.

Finally there was a lively question-answer session. Earlier Dr.T.Palanisamy, Head, Department of Chemistry welcomed the chief guest and audience and finally Dr.M.Yosuva Suvaikin, expressed deep gratitude on behalf of the hosting department. Special thanks were extended to the staff members who worked all together and extremely hard to prepare an outstanding webinar.
